Head Start and School Readiness

“The Office of Head Start defines school readiness as children possessing the skills, knowledge and attitudes necessary for success in school and for later learning and life.”

This institution is an equal opportunity provider

What We Do

CESA 11 Head Start offers services that support families and strengthen communities, helping to ensure that children are healthy, safe, and ready to learn. The program focuses on early identification, treatment, and promotion of health care along with promoting family engagement. Family engagement and health care are seen as critical aspects of school readiness and help make sure that children are able to engage in learning.

Research shows that what happens during the first five years of life is critical to healthy child development. Head Start focuses on five core domains of birth to 5 development determined essential to children getting ready for school.

SCHOOL READINESS GOALS:

Domain: APPROACHES TO LEARNING

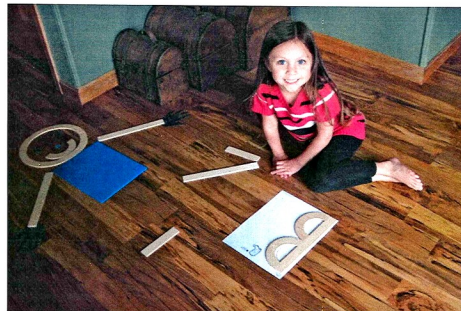

Goal: Children will begin and end activities with persistence and attention during individual and group activities.

Domain: SOCIAL AND EMOTIONAL DEVELOPMENT

- Goals:
- A. Children will recognize and regulate emotions, attention, impulses, and behavior.
 - B. Children will demonstrate positive social-emotional skills (including social relationships with peers and adults).

Domain: LANGUAGE & LITERACY

- Goals:
- A. Children will demonstrate an awareness of books.
 - B. Children will demonstrate familiarity with writing tools and alphabet knowledge along with emerging skills to communicate through scribbles, drawings, symbols, and letters.
 - C. Children will demonstrate the ability to communicate either verbal or non-verbally their wants and needs.

Domain: COGNITION

- Goals:
- A. Children will use math in everyday routines to count, compare, relate, pattern, and problem solve.
 - B. Children will develop problem solving skills by finding multiple solutions to questions, problems, and challenges.
 - C. Children will learn about their communities, environments, and family structure.

Domain: PERCEPTUAL, MOTOR, AND PHYSICAL DEVELOPMENT

- Goals:
- A. Children will learn to practice safe and healthy habits.
 - B. Children will demonstrate control of large muscles for movement, navigation, and balance.
 - C. Children will control small muscles for such purposes as using utensils, self-care, building, writing and exploring.
